

ARCC -- 2009 Mowing Schedule (3/22/09)

It is each members responsibility to mow on their appointed days or to get a replacement. This is not the Field Marshall's responsibility. Please read all this carefully:

Cutting the runway is the highest priority, the road and parking area are secondary.

You will be called by the Field Marshall (Jim Harris) on the Monday of your week as a reminder.

No shows will be charged a \$45 fee to hire a replacement.

Mowing takes priority over other on field activities. **NO FLYING WHILE MOWING IS IN PROGRESS**

Please keep your safety and that of others in mind.

Check the oil and fuel before mowing. Refuel the tractor when you're finished.

If you must buy gas, please give your receipt to an officer for reimbursement.

Report any problems to a club officer.

Mow the runway, parking/staging area and the full length of the road.

Do not mow any further East than the speed limit signs in the road area.

The combination locks on the storage shed are opened with "2009"

The new Cub Cadet mower is for the runway and staging area only. The older mowers are for the road and parking area.

Use lowest blade height on all mowers.

Mow the Westside headland between the tractor building and the power pole with the old mower
